

The Synergy

Green-Yellow-Black Algaecide

Quickly Kills - Prevents - Results in 4 to 24 Hours (Black in 7 to 10 Days)

Alglatec® Synergy Algaecide

- Kills and controls all algae ... green, yellow and black types.
- Superior effectiveness and fast results in just 4 to 24 hours - most algae.
- Eradicates difficult black algae (fungi) growths in 7 to 10 days.
- Very effective with or without chlorine.
- Strong synergy with chlorine - will not consume chlorine.
- Clarifies pool water while removing algae.
- Strongest, fastest acting algaecide available.

Contains no copper, silver, bromine, quats, and ammonia that may stain or consume chlorine.
